

BUILDING STRONGER TEAMS WITH EMERGENETICS

APG Thiving Workplaces offers a powerful team development tool called Emergenetics. This tool is designed to uncover the unique thinking and behavioral preferences of individuals and teams which leads to increased collaboration and enhanced communication in the workplace. APG believes that when team collaboration and communication are strong, performance improves, productivity increases, and connectedness is strengthened.

6 Exceptional Elements of Emergenetics®

- Our assessment is scientifically valid and reliable.
- We measure Thinking and Behavioral preferences.
- The Emergenetics Profile is easy to remember and instantly applicable.
- We use positive, strengths-based language.
- We deliver team applications – in addition to individual growth and development.
- We promote cognitive diversity.

This tool is for organizations looking to improve:

- Development of leaders and managers
- Employee engagement and retention
- Workforce productivity
- Cross-company communication
- Workplace culture and collaboration

How Does APG Facilitate the Emergentics Tool with Workplace Teams?

Take the next step towards building a stronger, more resilient, and successful team.
